

Times Recognition report
Oct. 2018 House of Delegates

The following chart shows the number of Pacific short course and long course record-breaking swims (“RBS” below) and the total number of new Pacific records set (“set” below) during each of the last thirteen September-to-August swim years. (The number of new records set is less than the total number of record-breaking swims because some records are broken multiple times during the year.)

| | <u>SC</u> | <u>LC</u> | <u>RBS</u> | <u>Set</u> |
|---------|-----------|-----------|------------|------------|
| 2005-06 | 23 | 25 | 48 | 45 |
| 2006-07 | 40 | 33 | 73 | 58 |
| 2007-08 | 77 | 80 | 157 | 110 |
| 2008-09 | 114 | 116 | 230 | 156 |
| 2009-10 | 96 | 63 | 159 | 122 |
| 2010-11 | 95 | 49 | 144 | 112 |
| 2011-12 | 64 | 58 | 122 | 92 |
| 2012-13 | 62 | 52 | 114 | 88 |
| 2013-14 | 73 | 35 | 108 | 87 |
| 2014-15 | 63 | 46 | 109 | 97 |
| 2015-16 | 75 | 70 | 145 | 91 |
| 2016-17 | 60 | 55 | 115 | 91 |
| 2017-18 | 76 | 57 | 133 | 108 |

The record totals this year reflect the stability and consistency we have seen in our records program in recent years. However, there are always highlights, and consistent with the 2016-17 swim year, new records this past year were concentrated in three very diverse age groups: 10/under boys and girls; Pacific long course and short course all-star swimmers; and senior men and women.

In addition to the 108 new Pacific records noted above, this past year Pacific swimmers also set two new American records. These record-setters were:

- Ella Eastin (UN), 400 yard individual medley, American record, 3:54.60
- Ella Eastin (UN), 200 yard individual medley, American record, 1:50.67

As for Top Times in 2017-18, Pacific age group swimmers ranked first nationally this past year in 25 individual events (same as last year) and first nationally in three relay events (again, same as last year). Pacific’s Top Times have been reported in a variety of formats on the Pacific website, and are updated during the year and at the year’s end.

Respectfully submitted,
Rick Beebe
