Electronic Communication Policy</p> <ol style="list-style-type: none"> 1. Pacific Swimming recognizes the prevalence of electronic communication and social media in today's world. Many of our athletes use these means as their primary method of communication. While Pacific Swimming acknowledges the value of these methods of communication, Pacific Swimming also realizes that there are associated risks that shall be considered when adults use these methods to communicate with minors. 2. All communications between a coach or other adult including but not limited to official, chaperone, manager and athlete shall be professional in nature and for the purpose of communicating information about team activities. The content and intent of all electronic communications shall adhere to the USA Swimming code of conduct regarding Athlete Protection. For example, as with any communication with an athlete, electronic communication shall not contain or relate to any of the following: <ol style="list-style-type: none"> a. drug or alcohol use b. sexually oriented conversation; sexually explicit language; sexual activity c. the adult's personal life, social activities, relationship or family issues, or personal problems; and 	Refer to BOD 7/21 Passed BOD 7/21/21

Note: Any communication concerning an athlete's personal life, social activities, relationship or family issues shall be transparent, accessible and professional</p> <p>3. Whether one is an athlete, coach, board member or parent, the guiding principal to always use in communication is to ask: "Is this communication something that someone else would find appropriate or acceptable in a face-to-face meeting?" or "Is this something you would be comfortable saying out loud to the intended recipient of your communication in front of the intended recipient's parents, the coaching staff, the board, or other athletes?"</p> <p>4. With respect to electronic communications, a simple test that can be used in most cases is whether the electronic communication with athletes is Transparent, Accessible and Professional (T.A.P.).</p> <p>a. TRANSPARENT: All electronic communication between coaches and athletes shall be transparent. Your communication shall not only be clear and direct, but also free of hidden meanings, innuendo and expectations.</p> <p>b. ACCESSIBLE: All electronic communication between coaches and athletes shall be considered a matter of record and part of Pacific Swimming's records. Whenever possible, include another coach or parent in the communication so that there is no question regarding accessibility.</p> <p>c. PROFESSIONAL: All electronic communication between a coach and an athlete shall be conducted professionally as a representative of Pacific Swimming. This includes word choices, tone, grammar, and subject matter that model the standards and integrity of a staff member.</p> <p>If your communication meets all three of the T.A.P. criteria, then it is likely your method of communication with athletes shall be appropriate.</p> <p>5. Facebook, Snapchat, Twitter, Blogs, and Similar Sites</p> <p>a. Coaches may have personal Facebook (or other social media site) pages and shall not have any athlete member join their personal page as a "friend." The parents or guardians of an athlete may request in writing that their child not be contacted by coaches through any form of electronic communication.</p> <p>10.
