

Diversity Report

Carson Tigersharks

PO Box 1876; Carson City, NV 89702

January 27, 2014

To: Diversity Grant Committee,

The Carson Tigersharks Diversity program continues to be very successful. Currently there are 10 swimmers benefitting from the funds received earlier this year. Six of the swimmers are receiving 40% reduction in their monthly dues and four swimmers are receiving 50% reduction.

Of the ten swimmers, four swimmers recently attended our Blizzard Blast meet and three of those swam at least one best time during the course of the meet. Two swimmers swam in the Twilight novice meet in December and five plan to swim in the Twilight novice meet in February.

Most remarkably, seven of the ten swimmers have moved to a higher swim group and continue to have excellent attendance. In order to move up in swim groups, attendance must be over 80% along with a positive attitude towards the sport.

Additionally, the Tigersharks 2014 calendar campaign, that benefits the Diversity grant funding, profited over \$850. The team sold 60 calendars, up 10 from last year.

The Tigersharks continue to be thankful for the tremendous support of the Diversity Grant program and the committee's efforts to provide opportunities that might not be possible without those efforts.

Best Regards,

Becki Boehnke
