

PACIFIC SWIMMING, INC.

CRISIS MANAGEMENT AND DISASTER RECOVERY PLAN

Purpose

An LSC crisis may occur in several different situations including times when the integrity or reputation of Pacific Swimming is threatened by adverse or negative attention; when, in the eyes of the media, public, or its membership, Pacific Swimming did not react to a given situation in an appropriate or timely manner, or when an emergency arises that may threaten the operations of the permanent offices of Pacific Swimming. During these times, it is vital that Pacific Swimming effectively manages communication through a formal, clearly defined channel to mitigate the crisis or any serious negative repercussions while maintaining its reputation of leadership and transparency. This Pacific Swimming Crisis Management Plan manages the distribution of critical, often sensitive, information to the media, the public, and its members, while the Disaster Recovery Plan is designed to insure business continuity by protecting the LSC from threats to its physical assets and IT-disabling disasters.

The Role of the Pacific Swimming Board of Directors in Crisis Management and Disaster Recovery Planning

Under nonprofit governance laws, the members of the Pacific Swimming Board of Directors have the duty to exercise a high standard of care in managing the business of the organization. In an emergency, this duty extends to ensuring that the assets of the organization are protected and helping the organization manage its communications with key stakeholders, members, strategic partners, employees, news media, and the community. The board's responsibility prior to a crisis is twofold: 1) to be sure there is a crisis management/disaster recovery plan in place and 2) to know and understand its own role in helping the organization through a crisis.

General Procedures

Upon becoming aware of the existence of any potentially harmful situation, board and staff members are required to contact the General Chair with as much information and documentation as possible regarding the potential situation. The General Chair or their designee, in consultation with selected board members and staff, shall immediately create and implement a plan that could include intervention or mediation to help mitigate any impending crisis.
- 2) Realizing that not all crises are preventable, it is the responsibility of the Pacific Swimming Board of Directors, through the office of the General Chair, to have an appropriate crisis preparation plan in place that includes the education of all board members with respect to that plan and their roles during a crisis.
- 3) The General Chair, or their designee, shall serve as the Spokesperson in the event of a crisis. If approached, board members should refer all inquiries to the designated Spokesperson.
- 4) The Board of Directors shall review the current LSC crisis management plan at the first Board of Directors meeting following the fall Pacific Swimming HOD meeting, to ensure that all board members are aware of the procedures and their roles during a crisis. The General Chair shall bring forth for board approval two recommended appointees to serve as a potential crisis Information Officer for the upcoming year. These appointees shall be current members of the Pacific Swimming Board of Directors, be readily available to lead the investigation of a crisis, be thorough and detail-oriented, and possess the ability to remain calm under pressure.
- 5) Should a crisis arise during the year that requires activation of the Pacific Swimming crisis management plan, the General Chair shall select one of the two approved appointees as the Information Officer for that situation. That selection shall be based primarily on the nature of the crisis with respect to both the board position of the selected appointee and their relationship to the crisis situation.

In the event of a crisis, the Board of Directors of Pacific Swimming shall adhere to the following best practices:

- 1) Crisis prevention is a priority for Pacific Swimming and is supported by continually maintaining sound business practices and effective internal and external communications.
