RULES

Unless otherwise noted herein, this meet shall be conducted in accordance with current USA Swimming Rules and Regulations. A Meet Committee consisting of at least one official, one coach, and one athlete will be appointed by the Meet Referee to review conflicts arising from administrative matters. It is understood and agreed that USA Swimming, the Meet Host(s), Facility Owner(s), and the LSC shall be free from any liabilities or claims for damages arising by reason of injuries to anyone during the conduct of the event. Eligibility and Technical juries consisting of at least one official, one coach, and one athlete will be appointed by the Meet Referee to review protests within their jurisdiction as defined in USA Swimming Rules.

WARM UP

Only feet-first entries are allowed during warm-ups, except in designated lanes and times. No equipment (fins, snorkels, hand paddles, etc.) is permitted in the competition pool at any time. Violations may result in disqualification from next individual event or expulsion from the meet. More detailed warm up procedures will be distributed at registration and during the Technical Meeting.

SCORING AND AWARDS

Team scores will be kept and awarded. Team awards will be presented to the top three teams in Men's, Women's, and Combined categories. Team scoring will be as outlined in the USA Swimming Rules and Regulations. Medals will be awarded to all place winners in the "A" final. All medalists in each event should report to the Awards Staging Area in full team warm-up attire immediately following the "A" Finals for their event. Individual High Point Awards will be given to the top scoring male and female.

SWIMS DATABASE

Times from the following will be in SWIMS, the national times database. Times in the database are not automatic entries to meets.

- A. USA Swimming Sanctioned competition
- B. USA Swimming Approved competition - Check two weeks before the competition to assure the meet has been approved by the LSC, and prior to the start of the competition, ask the Meet Director for the procedure for getting a time into SWIMS.
- C. USA Swimming Observed swims - Be sure a proper request for an Observed Swim is made according to guidelines appearing in 202.8 of the USA Swimming Rule Book and the USA Swimming SWIMS Time Module Policy Manual. Prior to the start of the meet, verify that proper procedures are in place for the Observed swim.
- D. The time of any swimmer recorded while legally representing a USA Swimming club, secondary school, college, or university within the appropriate time frame, may be used in proving relay entry times. That swimmer does need to be entered in the championship in question or currently representing that club. Relay times belong to the team. Individual times belong to the swimmer.

Times submitted to the USA Swimming SWIMS database no later than 20 days prior to the Championships will be in the database. If a time for a swimmer is visible in the public search feature on the USA Swimming website (Times/Time Standards) and it was swum in the appropriate qualifying period, it is considered a proven official time. Entry times not proven by the scratch deadline for the event will be considered as false or incorrect times and are subject to action under provisions of the USA Swimming Rules and Regulations.

SWIMS data entry from meets in which time standards were met must be requested from the SWIMS Time Official in the LSC in which the meet was held. LSC officials may charge a fee for data entry requested after the meet ends. These times will not be automatically placed in the database. Times from all major international championships will be automatically entered in the database. Relay lead offs and/or intermediate split times must be requested from the SWIMS Time official in the LSC where the time was achieved. Requesting SWIMS data entry will not enter a swimmer into a competition nor place a club on the USA Swimming mailing list.

RESPONSIBILITY CLAUSE

The coach, swimmer or swimmer representative who enters a USA Swimming Championship thereby attests that all times stated are true and correct as achieved qualifying times for each event entered. He/she assumes all responsibility for false or incorrect times, or times which are unacceptable under USA Swimming rules, and shall be assessed a \$100 penalty payable to USA Swimming for each such time entered, unless absolved of the fine by USA Swimming or Board of Review. Additional action or penalty may be taken or levied as deemed appropriate by USA Swimming. Such penalty shall also be levied against any USA Swimming verification officer who knowingly entered such a false time(s) into the SWIMS Database. Appeal of fines

must be made to the Meet Referee or designee and/or Board of Review. Any appeal of the decision of USA Swimming shall be in accordance with the provisions of Part Four of the USA Swimming Rulebook.

NEW QUALIFYING SWIMS

If entries for a Futures Championship site close due to the cap being reached, swimmers who then achieve a new qualifying standard (i.e. in an event in which they previously did not have the qualifying standard) prior to the Late Qualifying deadline of 11:59 p.m. Mountain Time on Monday, July 21, 2025 will be allowed to enter the event, provided their team already has swimmers entered in the meet. These entries may be entered through OME under the title "2025 Futures Championships – [site] – NQS" and must be submitted no later than 11:59 pm Mountain Time on Monday, July 21, 2025. These entries cannot be used to improve the seed time of a prior entry. Bonus events for new qualifiers must be entered by override using any proven time from the meet's qualifying period. Normal entry fees apply.

LATE ENTRIES

Assuming the event site's cap has not been reached, any team or athlete missing the entry deadline will be permitted to enter late, subject to the following requirements:

- Late entries must be submitted through the On-Line Meet Entry system (OME) under the title "2025 Futures Championships – [site] – Late Entry"
- These entries must be received no later than 11:59 p.m. Mountain Time on the Monday, July 21, 2025;

- The team or athlete must pay a one-time processing fee of \$150.00 and pay entry fees of \$40 per individual event and \$80 per relay event.

RELAYS

All relays will be timed final events. All heats of Events 7 and 8 will be contested in the Preliminary session, after the conclusion of Event 6 – Men's 200m Butterfly – and before the start of the Event 9 – Women's 800m Freestyle. All heats of Events 11 and 12 will be contested in the Finals session after the conclusion of Event 10 – Men's 1500m Freestyle. For all other relays, all but the fastest two seeded heats will be swum in the preliminary sessions. The fastest two seeded heats will be swum at the end of that day's finals session. Relay-only swimmers will be allowed in this meet and may swim in time trials. Each team may enter a maximum of two relays in each event.

Teams may use a provable team time or aggregate time achieved within the qualification period to qualify a relay. Swimmers contributing to a team or aggregate relay entry time are not required to be on the team's meet roster. Teams may submit two relays per event, provided they have achieved the qualification standard within the qualifying period. If a team enters an A and B relay, they must use eight (8) different swimmers. Teams may not use the same swimmer twice in a relay event, or to prove a time. All relays must be entered through OME. Qualification for the 4 x 50 relays will be the corresponding 4 x 100 relay time standards. All relay cards are due to the administrative Referee by 10:30 a.m. or 6:30 p.m. in the session in which the relay will be swum.

All relay cards must be submitted to the site's Administrative Referee prior to the deadlines.

SWIMMERS WITH DISABILITIES

Coaches entering swimmers with disabilities that require any accommodations, including the need for any personal assistants and/or registered service animals, must provide advance notice in writing, accompanying their meet entry file, to the meet director and meet referee by the entry deadline. Failure to provide advance notice may limit the host's ability to accommodate all requests.

CHECK-IN

Any unproven entries must be cleared prior to the scratch deadline, or the swimmer will be scratched from the event. If an entry cannot be proven, the coach is subject to a \$100 fine. All swimmers entered in the 800m and 1500m Freestyle events must be positively checked-in prior to the scratch deadline to compete in the event. Swimmers entered in these events may, when they check-in, indicate their preference to swim the event in the preliminary session. The fastest heat of swimmers that state no preference shall be seeded to compete in the finals session. A swimmer or coach should clearly write "AM" next to the swimmer's name when they check-in if they desire to swim in the preliminary session.

Positive check-in must be submitted to the site's Administrative Referee prior to the deadlines.

Relay-only swimmers will be allowed to swim in time trials. Time Trial entry procedures will be explained in the Technical Meeting. Time Trials, if conducted, will begin approximately 15 minutes after the conclusion of the preliminary session.

It is the responsibility of the swimmer or the swimmer's legal guardian to ensure compliance with this requirement. During warm-up sessions, athletes must enter the water feet-first, except in designated lanes and times. CA CONCUSSION LAW

California has modified its existing school concussion law to apply the requirements to youth sports organizations in which athletes participate, including swimming. These requirements apply to out of state coaches whose swimmers are attending the 2023 Futures Championships.

1. The law requires that a youth athletic program must immediately remove an athlete from an athletic activity for the remainder of the day, if the athlete is suspected of sustaining a concussion or head injury and prohibit the athlete from returning to the activity until the athlete is evaluated by a licensed health care provider, trained in the management of concussions, and acting within the scope of his or her practice. The athlete must receive written clearance from the licensed health care provider to return to the athletic activity. If the athlete is diagnosed with a concussion, they must go through a graduated return to play protocol of no less than seven days under the supervision of a licensed health care provider. Youth sports organizations must also notify the parents or guardians of athletes 17 or younger who have been removed from athletic activities due to suspected concussions.

2. Coaches and administrators must successfully complete the concussion and head injury education required under the bill at least once either online or in person. The following courses from the Center for Disease Control and Prevention (CDC) or the National Federation of State High School Associations (NFHS) satisfy the requirements.

[*CDC Concussion Course*](#)

[*NFHS Concussion Course*](#)

3. USA Swimming has also developed concussion and head injury education materials for coaches and administrators. Below is a concussion at the pool checklist for coaches, officials, and parents.

[*Concussion at the pool Checklist*](#)

After entering the meet, you will receive the standard USA Swimming Participant Waiver, a Concussion Information Sheet for Parents and Swimmers, and the Concussion Acknowledgment Document. Please be sure to take the time to read this information to avoid any delays or issues at the meet. Both the waiver and the acknowledgment document will need to be signed and submitted for each athlete at registration.
