### 6. Financial Report:

- a. Current balance down \$2700 from last year, due mainly to fully utilized co-pay subsidies this year, and extra unanticipated Zone All-star expenses.

### 7. LSC Report:

- a. New Athlete Representatives and Alternate have been added to the Pacific BOD web page.
- b. Meet fees for 2011 Nevada State Championships were approved at Far Westerns level.
- c. No-show rules were adopted at the August BOD meeting and will be effective January 1, 2011. For timed-finals events, the "original" no-show rule will apply (miss an event, barred from next event). At a trials/finals meet, the National rule will now apply: miss a preliminary or timed finals event, barred for **rest of day** including relays (except for finals already qualified).

### 8. Coaches Report:

## 9. Officials Report:

- a. Suggestions for fall clinics?
- b. Recent guidance from USA Swimming regarding tape on the body:

***Q: Is any kind of tape allowed on the body during competition?***

***A:*** Article 102.9.1E states, "Any kind of tape on the body is not permitted unless approved by the Referee." The intent of this rule is that no tape be allowed unless it is needed for valid medical reasons. However, regardless of any medical reason, tape should not be allowed if it will provide any kind of competitive advantage to a swimmer. For example, a band-aid applied to a cut or an open wound would be considered necessary for medical reasons, but would not provide any competitive advantage to a swimmer and therefore should be allowed. However, if a swimmer was required to tape all of his fingers together for a good and valid medical reason, it should not be allowed because regardless of the medical reason, it would provide a competitive advantage to the swimmer. One of the more common types of taping is known as kinesiо taping and although there may be a valid medical reason for using it, it is considered to provide the swimmer with a competitive advantage and should not be allowed. In all cases, the use of tape can only be approved by the referee and only if it does not provide a competitive advantage to the swimmer.
