# Age Group Committee - 2026 Summer Age Group Champs

Reconsidered and approved at February Meeting

**Meet Sheet** - Coming soon

**Formatting** - for planning purposes only

## Summary of Changes (from 2025 format) + Rationale

<b>Order of events re-arranged</b>	There were too many like events were grouped together on the same day (Example: 100 & 200 free on Saturday)
<b>13-14 50's fly/bk/breast added to lineup</b>	These are nationally recognized events; PC wants to offer these so athletes have more pathways to achieve higher levels of the sport.
<b>400's free &amp; IM become timed finals</b>	This meet is bound to a 3-day max duration per PC policies & procedures. With the interest to offer each distance event (400 & longer), putting the 400's on the same day (Saturday; 1 at end of prelims + 1 at end of finals) was the best plan to space them out over the course of 3 days.
<b>Prelims swim combined ages; Age groups split out for finals - Sample heat sheets:</b> <u>Prelims</u> ; <u>Finals</u>	This change reduces ~35-40 min/day from prelims and gives us better odds to run 1500 free 1/lane. Keeping age groups separate in prelims would have made 2/lane for the mile almost a guarantee.
<b>Will the 1500 be swum 1/lane?</b>	Current formatting estimates the space to run 9 heats of the 1500 free 1/lane without impacting other sessions. There are a few options to employ that will be minimally impactful to the rest of the meet if entries reach 10 or 11 heats. The committee wants to avoid a scratch down and/or cap on entries, and would prefer 2/lane over a scratch-down or cap if a choice had to be made.
