

How to Submit the Report of Occurrence Form

How are USA Swimming and Risk Management Services, Inc. notified when an accident occurs? The Report of Occurrence form, supplied to all club and non-athlete members in annual membership mailings, is used for this purpose. Reporting all incidents, no matter how minor, is important to put both USA Swimming and its insurer on notice of accidents and potential claims.

A Report of Occurrence form should be completed any time an injury occurs at a USA Swimming function, whether or not it involves a USA Swimming member. To summarize, injuries involving spectators should also be reported. The form should be filled out by a meet director or by any club personnel responsible at the time of the incident; the parents of the injured athlete should not be asked to complete the report form.

Once USA Swimming National Headquarters receives the report, information about the incident is entered into the USA Swimming database for future safety education and insurance references. When a Report of Occurrence form indicating an athlete or non-athlete participant is a USA Swimming registered athlete, information about the Excess Accident Medical Insurance Policy and claim forms are sent to the injured party('s) family. This program is excess to other primary insurance in place through the member's employment, school or family. The deductible is the greater of the total of other collectible benefits from primary insurance sources applicable to the injury or \$100 when there is no primary insurance.

Copies of the completed report should be sent to the following:
