# CLINIC NOTES – ADMINISTRATIVE REFEREE

- **✓** Oversees and ensures compliance with administrative rules.
- ✓ **Athletes** are NEVER penalized for mistakes by meet management. Benefit of the doubt always goes to the athlete.
- ✓ Position usually needed only at championship-format meets, otherwise handled by Meet Ref.
- ✓ Every meet is different -- depending on other meet management volunteers and their experience levels, meet complexity, etc. May be supervisory or very hands-on.
- ✓ **Decide division of duties** and authority with the Head Referee well before the meet. If possible, participate in review of meet sheet, with rules and practicality in mind.
- ✓ Coordinate decisions with the Head Referee -- know and support what each other is doing.
- ✓ **Know the rules:** meet sheet, Pacific Swimming, USA Swimming. Also helps to know what the computer software can and can't do for you.
- ✓ **Pre-meet:** many problems can be solved before the meet with good communication with meet personnel.
- **✓** Responsibility may include supervision of any or all of the following:
  - Entries and eligibility. Pre-meet, ask questions, learn the meet host's process, ensure that they comply with meet rules, request adjustments if necessary. Address issues or mistakes at the meet. Know the swimmer registration rules/process.
  - Check-in
  - Scratches (at check-in and in computer)
  - Event closing and seeding
  - **Investigate and fix errors** in any of the above:
    - o Wrong event limits being used verify and fix.
    - o Scratches missed (easy: just review/adjust process for future events)
    - Wrong swimmer(s) scratched (watch out for similar names!): may require reseeding or splitting heat(s) to allow swims.
    - Re-seeding: consider (1) time left before event, and (2) severity of problem.
       Fairness to swimmers should be the final guideline, even if meet has to be interrupted. EVERYONE gets new paperwork (preferably a different color), announce ASAP.
    - Or it may be a simple fix (put swimmer in empty lane, etc.).
    - Re-swims or special swims may be allowed due to meet management errors or other circumstances beyond swimmer control. Coordinate similar to swimoffs below.
    - OCOMMUNICATE, Communicate, communicate! You will make changes that affect many other people: swimmers, coaches, officials, timers, Colorado, computer, check-in, announcer. Know what information they already have, what they need, and what is changing. Use your announcer.

- Changes during competition (split heats, athlete swam in wrong lane, etc.) FOLLOW THROUGH, make sure correct athletes and times get matched!
- **No-shows:** verify check-in at clerk of course, follow up with coach/swimmer, determine any extenuating circumstances, or make administrative scratches as rules require.
- **Relays:** set workable entry deadlines; verify compliance with entry rules (including alternates if any); consider printing and returning relay cards to coaches.
- **Requests for split times:** help arrange back-up timers; inform corner if announcement needed before start; ensure correct recording in meet results (may require creation of extra event in computer, always non-scoring/exhibition, etc.).
  - o If requests numerous (1000s during 1650s, etc.) consider "blanket" recording of splits if computer can handle workload.
  - o Intermediate backstroke splits CANNOT be verified after the swim (finish rules).

#### • Results and scoring

- o Ensure advertised scoring system is being used
- o Ensure only eligible athletes, relays, etc. are being scored.

# • Timing corrections

- o delegate straightforward issues (touchpad delay, all other back-up times consistent.)
- o Ensure adjusted back-up times accepted in computer.
- o Make sure you are included in more complicated/inconsistent situations.
- O Use common sense, consult other data (order of finish, coach times, etc.) as needed.
- Bad heat (electronic system failure): ensure problem is identified and fixed before meet continues. Make sure Colorado knows about Manual Start, Accept Start Without Reset, etc. Make sure corner knows to watch for re-set dots on scoreboard. Monitor/help with timing corrections to ensure correct adjustments to back-up times;

# • Recording and reversing DQs

- o Ensure DQs are recorded correctly in results, or fix and rescore.
- o Ensure reversed DQs are backed out, event rescored ASAP.
- **Re-scoring results** -- may be needed for scoring errors, time corrections, DQ changes.
  - o Notify awards ASAP.
  - o Print on different color if possible.
  - o Rescored results should be announced when posted.
  - o Rescored preliminary results re-announced in full, resets clock for scratch deadline.
  - Errors discovered after finals close MUST be fixed manually and communicated.

• **Multiple issues/problems:** don't allow meet to go faster than you can! Many problems need to be fixed first (the ones that will get bigger if you don't), even if it causes delays. But try to avoid delays when possible.

# • Preparing for Finals

- o Work with Announcer for correct announcement of preliminary results
- Correct terminology: 2<sup>nd</sup> Alternate, 1<sup>st</sup> Alternate [Bonus, Consolation, Championship Finalist]
- o "Swim-off Required" should be announced along with results your cue to arrange ASAP (see below).
- o Finalists have 30 minutes to scratch or declare their **intent** to scratch.
- o Announcer records time on their sheet, passes to you to insert in scratch book.
- o Maintain and Supervise Scratch book (or delegate).
- o Inform swimmers of their options (intent vs. definite scratch).
- o When does swimmer need to finalize intent? Consequences if they don't.
- o Scratches may create new swim-off situations be alert!
- o If possible, use down time (before and/or after closing) to inform coaches of "scratch-ups" into final or alternate positions. (Can compile separate sheets for each team: swimmer name, distance and stroke, new position.)
- Closing events: should you accept late scratches? What is fairest to the other swimmers? Be reluctant, make sure swimmer understands rule for next time. Absolutely no scratches after final seeding has been approved by you for printing/posting (unless circumstances beyond swimmers control requires a re-seed.)
- ALL scratch book paper (results and scratch sheets) should reflect the same information, so there is no confusion by computer operator. Record all scratches on result sheet.
- o Mark through remaining blanks on scratch sheets to close.
- Unresolved Intent to scratch IS SEEDED into finals make sure computer operator understands.
- o Request one review copy of finals program to review before production.
- o FINE TOOTHED COMB: review everything carefully!
- o Number and order of heats for each final event. Times and seeding look right.
- o Scratches properly applied.
- Short-cut (after thoroughly checking a few): check first seed, last seed, 1<sup>st</sup> & 2<sup>nd</sup> alternates against your marked-up preliminary results sheets.
- o Swim-off results properly applied be careful!
- o Approve for printing and distribution.

- **Swim-offs:** read and understand 102.5.2!
  - o Required when swimmers tie for POSITION (heat or alternate, not merely seeding) in finals. (Tied seeding within a heat chosen randomly by computer.)
  - o Be alert, Arrange and confirm with coaches/swimmers ASAP.
  - o Rules require no later than 45 minutes after last heat of a swimmer's preliminary events that day. Not always practical/possible for the swimmers.
  - Other options: just before/after an intervening session; during an intervening session; just before finals warm-ups; just before finals (affected finals will have to be re-seeded/re-posted).
  - o Notify officials, arrange for timers.
  - o Coordinate and review generation of all paperwork (computer creates special swim-off event, seeds swimmers into **center** lanes, prints sheets for officials, timers, announcer, Colorado, posting on wall).
  - o Observe swim-off races if possible.
  - Coordinate processing of swim-off results ASAP for Finals seeding,
     DOUBLE-CHECK final seeding against swim-off results. Seed times for finals are PRELIM (tied) times, NOT swim-off times.
  - O A swimmer may choose to "forfeit" their swim-off option any time prior to the swim-off. In that case there is no swim-off, and the other swimmer is declared the "winner" for purposes of finals seeding. The forfeited swimmer remains eligible for the other disputed position in finals (if any). Document on the paperwork!
  - o DQ during swim-off: same effect as a "forfeit" above.
  - o Tie during swim-off: requires another swim-off process if wanted by both swimmers.

### • Monitoring Finals

- o Be ready to quickly fix any errors discovered.
- o Coordinate protocol for closing heats, calling alternates, to ensure consistency.
- Alternates may ONLY swim in SLOWEST of final heats make sure everyone understands.
- o Final heats slowest to fastest: empty lanes in faster heats are NOT filled.
- o Final heats fastest to slowest: empty lane(s) are filled by fastest swimmer(s) from next slower heat, with alternates filling in slowest heat ONLY. (Lots of work, better to avoid.)
- Monitor no-shows in-progress, observe protocol used each time, be ready to follow through with paperwork.
- Declared False Starts NOT allowed in finals. If a swimmer wishes to withdraw, or sits on block, referee should speak to them first to determine reason. If not for medical reasons, make sure they understand that they will be scratched from the meet. Excuse swimmer, DO NOT fill with alternate. Swimmer showed up and "owns" that lane.

O Determine any "circumstances beyond swimmer's control" in coordination with Meet Referee, Coach, Swimmer. If other than a "medical scratch," try to speak with no-show swimmer separately, ask open-ended questions about what happened.

# **✓** Special Situations:

- 8 + 3 Super-finals at High Country Championships -- top 3 needed manual seeding last year to get them into the center lanes. Monitor and ensure conformance with rules. Special announcement protocol for prelim results.
- o King of the Hill qualifying, seeding, event limits, etc.
- ✓ **Supplies and forms** as needed
- ✓ Organizes/maintains paperwork as needed
- **✓** Grey area situations:
  - New swimmer didn't know he needed to check in to swim. Swimmer's first event is about to start. Administrative Referee checks with Deck Referee, determines that there are no empty lanes available in the event. Does not allow swimmer into his first event. Not fair to other swimmers who checked in, to make them wait while a heat is split. If an empty lane was available, the swimmer could have been allowed in the empty lane without impacting other swimmers. Swimmer is informed of rules, checks in for subsequent events.
  - o Etc.
